TECHPACK PRESET

Cen Textile is a specialized textile manufacturer with expertise in cotton, polyester, and denim fabrics. Our minimum order quantity is 100 pieces per model for cotton and polyester products, and 300 pieces per model for denim items. We primarily produce t-shirts, sweatshirts, hoodies, tracksuits, denim pants, denim jackets and coats.

GUIDANCE

MEASUREMENTS

Custom fit means you can fully adjust the standard product's measurements to match your vision and create a unique cutting pattern. This allows you to design truly distinctive pieces with perfect silhouettes. If you wish to customize more than just the measurements (e.g. add/remove pockets, combine fabrics, etc.), please describe these changes clearly and include detailed drawings. If you already have cutting patterns, feel free to attach them.

SIZE DISTRIBUTION

The minimum order quantity is 100 pieces in total. Please clearly specify your desired size breakdown.

FABRIC

Please provide the PANTONE TCX code for your preferred color. You may also choose from various dyeing techniques.
Note: The minimum order quantity may increase depending on the selected fabric or dyeing method. (Fabric weight tolerance is ±10% based on the specified GSM.)

PACKAGING

We can provide packaging tailored to your needs.
Additionally, we offer full-service fulfillment – from initial contact all the way to shipping the finished product to your customer.
